

**SMART BLUETOOTH  
DOOR LOCK**

# Smart Bluetooth Door Lock

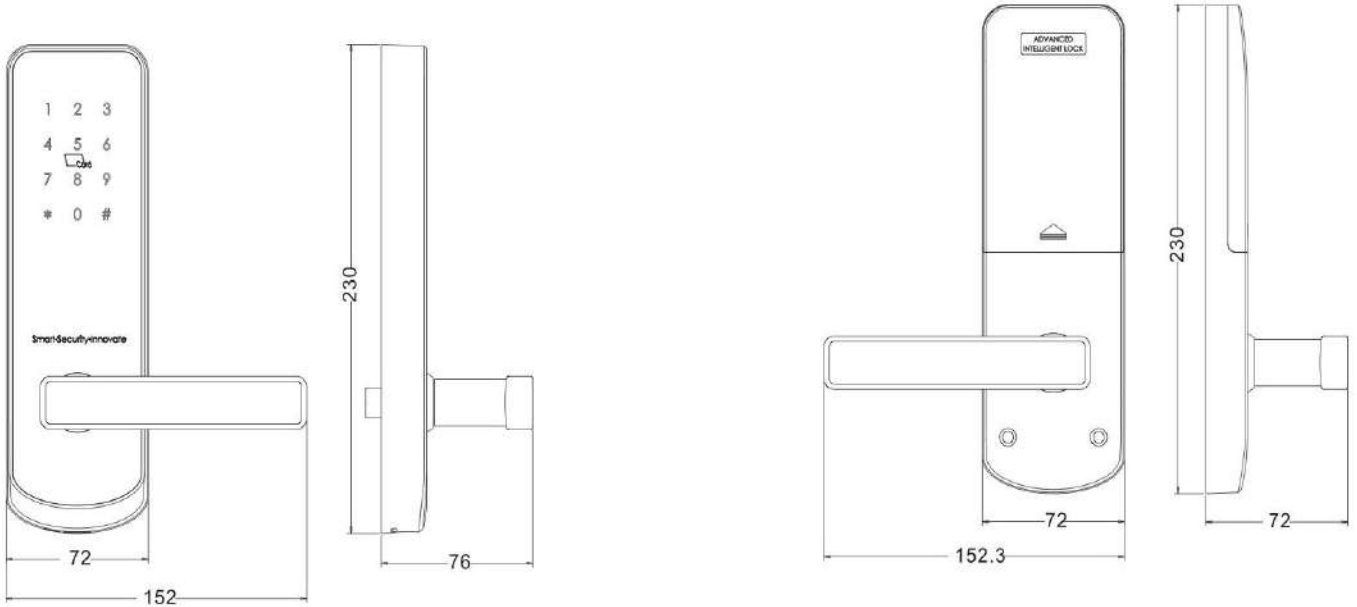

**M1**

## Features:

- 1, Mobile APP is the key and also management interface;
- 2, Works Offline Bluetooth 4.0 AES128 Bit encryption technology
- 3, Grant access to your home even when you're away.
- 4, No wiring required. No drilling for American standard doors.
- 5, Tube latch or double mortise is applied for installation regardless the use direction
- 6, Free handle prevents violent opening.
- 7, Lift the handle locked, press the handle unlocking.
- 8, The door cannot be opened from outside when the door lock is removed or not properly installed.
- 9, Real Time Tracking.

## Dimension:

## Technical Parameters:

Power supply	4 AA batteries	Supported system	iso 7.0 and later or Android 4.4 and later
Static current	≤25μA	Communication	Bluetooth 4.0
Dynamic current	≤150mA	Battery life	15,000 times
Working temperature	-15 ~ +55℃	Net weight	3.0kg
Working humidity	20 ~ 95%RH	Door thickness	30--55mm
Alarm voltage	4.8±0.2V	Application	Rent apartment, Airbnb, homestay...

# Smart Bluetooth Door Lock

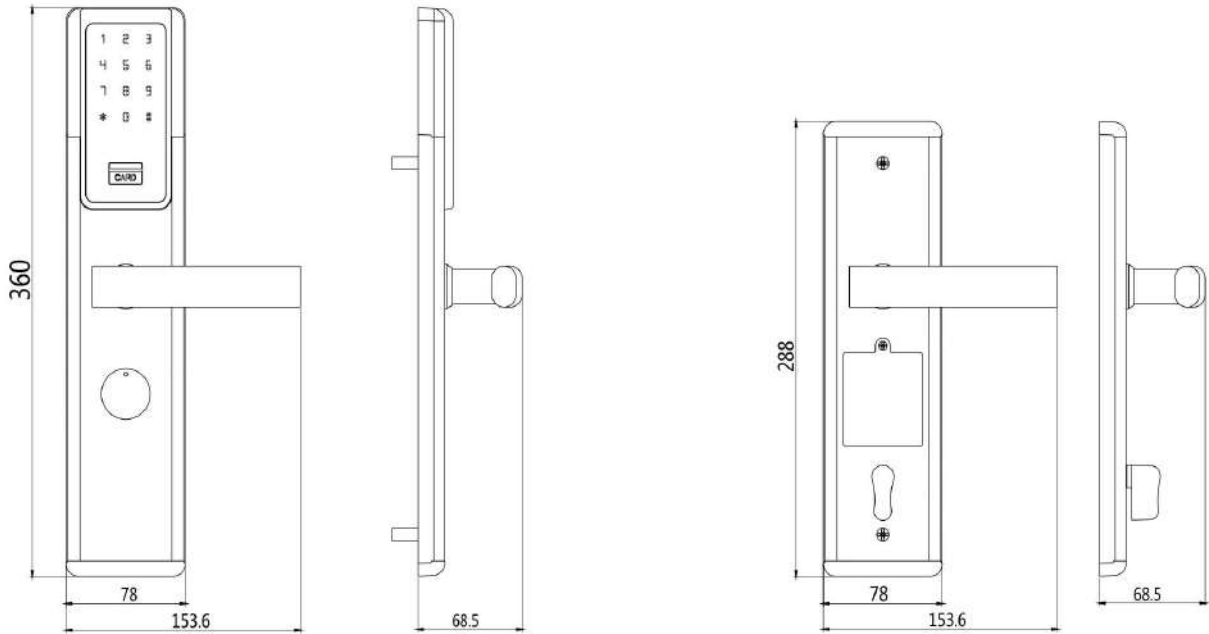

## Features:

M2

- 1, Mobile APP is the key and also management interface;
- 2, Works Offline Bluetooth 4.0 AES128 Bit encryption technology
- 3, Grant access to your home even when you're away.
- 4, SUS304 material ensure the use under high humidity area,
- 5, ANSI and 60-68 security mortise option
- 6, Free handle prevents violent opening.
- 7, Lift the handle locked, press the handle unlocking.
- 8, The door cannot be opened from outside when the door lock is removed or not properly installed.
- 9, Real Time Tracking.

## Dimension:

## Technical Parameters:

Power supply	4 AA batteries	Supported system	iso 7.0 and later or Android 4.4 and later
Static current	≤25μA	Communication	Bluetooth 4.0
Dynamic current	≤200mA	Battery life	10,000 times
Working temperature	-15 ~ +55℃	Net weight	4.0kg
Working humidity	20 ~ 95%RH	Door thickness	40--90mm
Alarm voltage	4.8±0.2V	Application	Rent apartment, Airbnb, homestay...

# Smart Bluetooth Door Lock

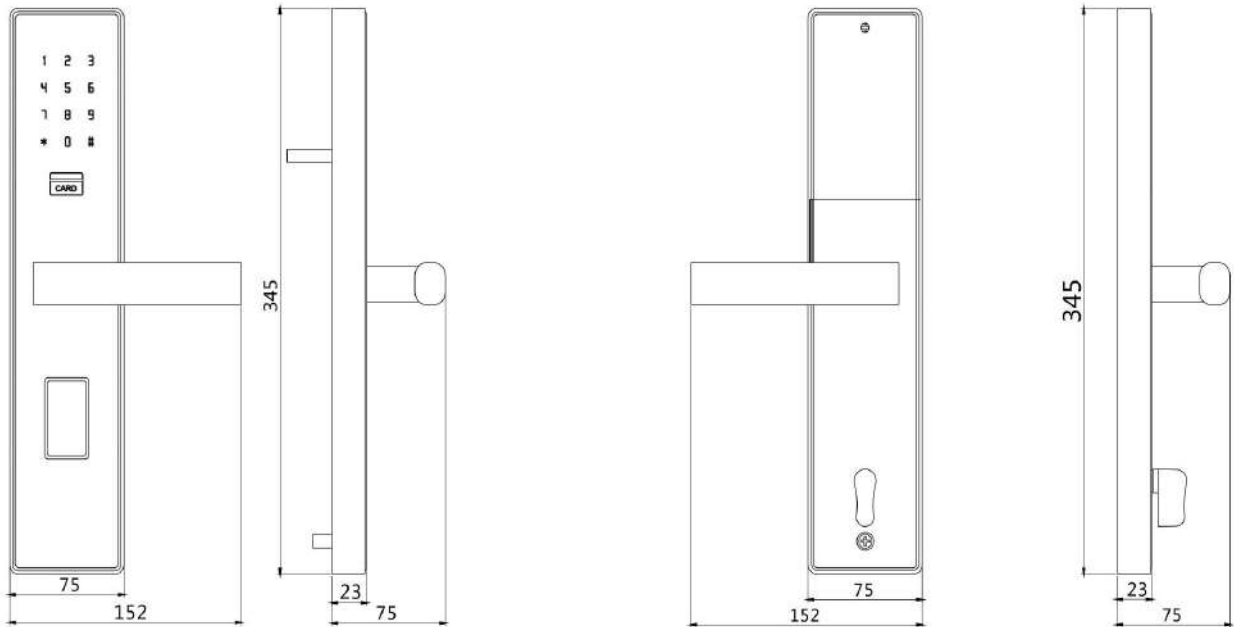

**M6**

## Features:

- 1, Mobile APP is the key and also management interface;
- 2, Works Offline Bluetooth 4.0 AES128 Bit encryption technology
- 3, Grant access to your home even when you're away.
- 4, High quality acrylic and SUS304 together, elegant and strong;
- 5, ANSI and 60-68 security mortise option
- 6, Free handle prevents violent opening.
- 7, Lift the handle locked, press the handle unlocking.
- 8, The door cannot be opened from outside when the door lock is removed or not properly installed.
- 9, Real Time Tracking.

## Dimension:

## Technical Parameters:

Power supply	4 AA batteries	Supported system	iso 7.0 and later or Android 4.4 and later
Static current	≤25μA	Communication	Bluetooth 4.0
Dynamic current	≤200mA	Battery life	10,000 times
Working temperature	-15 ~ +55℃	Net weight	4.0kg
Working humidity	20 ~ 95%RH	Door thickness	40--90mm
Alarm voltage	4.8±0.2V	Application	Rent apartment, Airbnb, homestay...

# Smart Bluetooth Door Lock

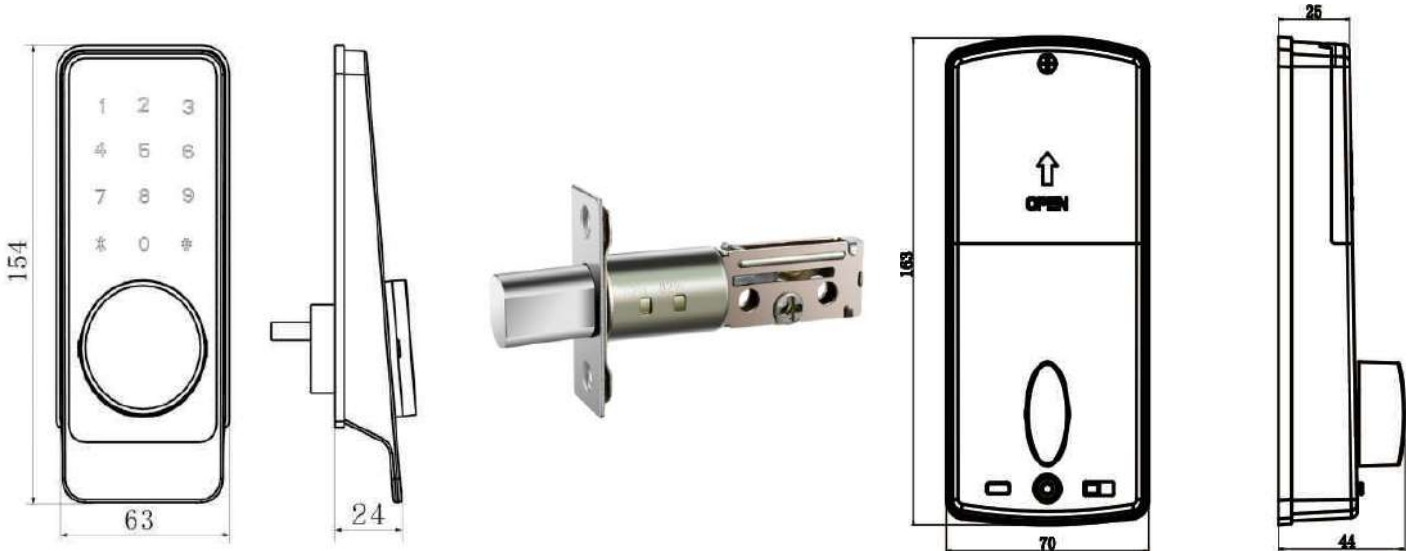

M8A

## Features:

- 1, Tilted structure design for better view and convenient operation;
- 2, Audio (and menu) guide facilitates set up and operation;
- 3, Multiple Unlock modes: mobile phone App /password/M1 card;
- 4, Wrong password (or illegal card) alarm;
- 5, Low voltage alarm;
- 6, Pickproof alarm;
- 7, Security password; Access records can be queried for monitoring;
- 8, Security locking by switch from inside;
- 9, USB emergency power back-up;
- 10, Mechanical key override;
- 11, Suitable for all kind of thin door without drilling mortise hole.

## Dimension:

## Technical Parameters:

Power supply	4 AA batteries	Supported system	iso 7.0 and later or Android 4.4 and later
Static current	≤60μA	Communication	Bluetooth 4.0(adopt Nordic 51822 chip)
Dynamic current	≤2000mA	Battery life	6000 times
Working temperature	-15 ~ +55℃	Net weight	1.3kg
Working humidity	20 ~ 95%RH	Door thickness	30--55mm
Alarm voltage	4.8±0.2V	Mobile phone app	No limitation
Password/Card	150/100 pcs	Application	Rent apartment, Airbnb, homestay...

# Smart Bluetooth Door Lock

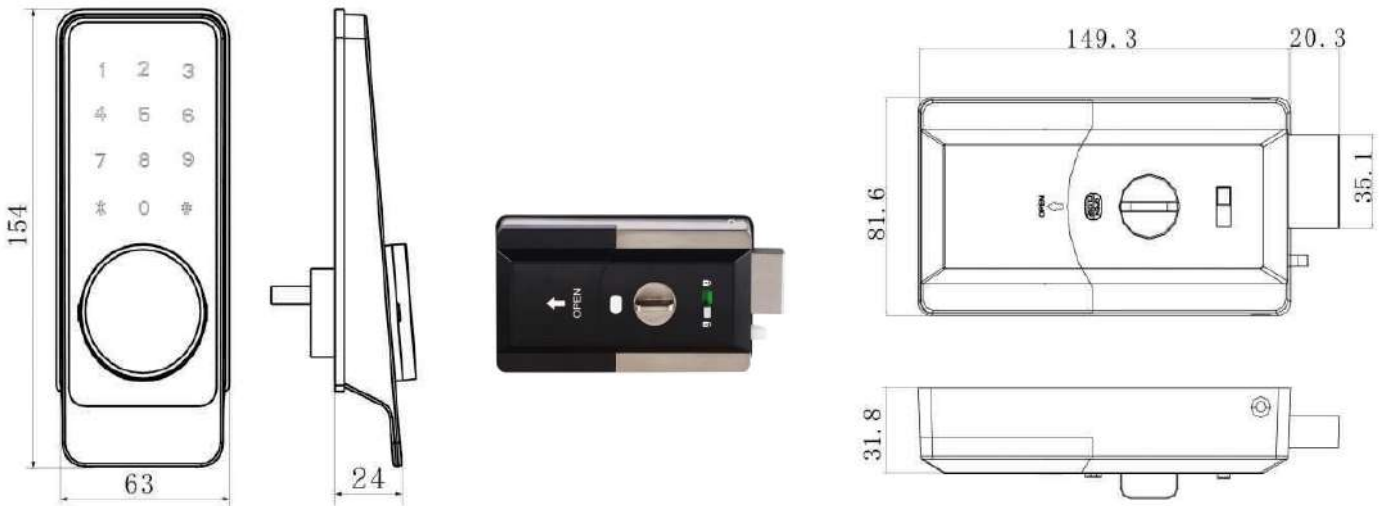

**M8B**

## Features:

- 1, Tilted structure design for better view and convenient operation;
- 2, Audio (and menu) guide facilitates set up and operation;
- 3, Multiple Unlock modes: mobile phone App / password / M1 card;
- 4, Wrong password (or illegal card) alarm;
- 5, Low voltage alarm;
- 6, Pickproof alarm;
- 7, Security password; Access records can be queried for monitoring;
- 8, Security locking by switch from inside;
- 9, USB emergency power back-up;
- 10, Mechanical key override;
- 11, Suitable for all kind of thin door without drilling mortise hole.

## Dimension:

## Technical Parameters:

Power supply	4 AA batteries	Supported system	iso 7.0 and later or Android 4.4 and later
Static current	≤60μA	Communication	Bluetooth 4.0(adopt Nordic 51822 chip)
Dynamic current	≤2000mA	Battery life	6000 times
Working temperature	-15 ~ +55℃	Net weight	1.8kg
Working humidity	20 ~ 95%RH	Door thickness	30--55mm
Alarm voltage	4.8±0.2V	Mobile phone app	No limitation
Password/Card	150/100 pcs	Application	Rent apartment, Airbnb, homestay...

# Smart Bluetooth Door Lock

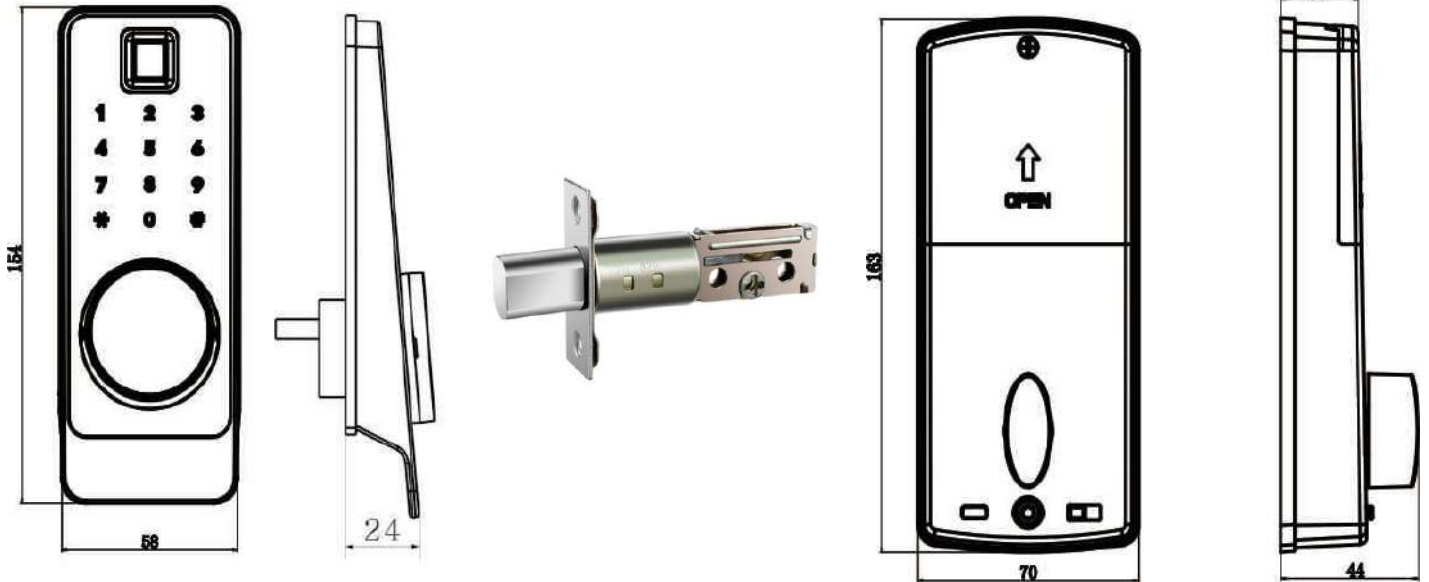

## Features:

**MF8A**

- 1, Tilted structure design for better view and convenient operation;
- 2, Audio (and menu) guide facilitates set up and operation;
- 3, Multiple Unlock modes: Fingerprint/mobile App /password/M1 card;
- 4, Auto-locking when close the door;
- 5, Wrong password (or illegal card) alarm; Low voltage alarm;
- 6, Pickproof alarm;
- 7, Security password; Access records can be queried for monitoring;
- 8, Security locking by switch from inside;
- 9, USB emergency power back-up;
- 10, Mechanical key override;
- 11, Suitable for all kind of thin door without drilling mortise hole.

Password/Card	150/100 pcs	Fingerprint	200 pcs

## Features:

**Gateway**

- 1 creating / removing / editing access codes remotely
- 2 Anti-compromise the alarm message
- 3 alert about security threat after a few invalid access code
- 4 check the lock status, blocked or unlocked
- 5 password, fingerprint, and unblocking notification card
- 6 Google Home, Alexa compatibility
7. issuing a guest card at the front of the hotel reception
- 8,White color Product size: 14.5 \* 8 \* 5 cm
- 9,Weight: 140g Connection: Bluetooth / WiFi
